CANOE FOR CLEAN WATER

Canoe for Clean Water

A Race, Float and Festival

If your idea of a perfect summer Saturday is pounding the paddles on the Missouri River or if you would rather leisurely let the current lead the way, have we got an event for you!

On **Saturday, June 19** MRCN will be holding the first ever Canoe for Clean Water! The day kicks off with the **Clean Water 50**, a 50 mile river race beginning in Glasgow, MO. Those looking for a shorter adventure can participate in the **Clean Water 15**, a 15 mile race (or casual float) beginning at Franklin Island. Both races will end at **River Fest** at [Katfish Katy's](#) in Huntsdale, MO. Even if you opt out of the races, everyone is welcome at River Fest for live music, educational booths, and great local food and drink.

So if you love floating the mighty Missouri River, head on over to www.moriver.org/race/race.html to learn more! Here you can register for one of the races, make a pledge for one of the paddlers or learn how to get involved with our rockin' RIVER FEST!

Mark your calendar now for **June 19!** You will not want to miss this big day!
